About

BSIT student at St. Dominic College of Asia with foundational training in networking, database management, cybersecurity, and web/mobile development. Certified as an Information Technology Specialist in Networking, Databases, and Cybersecurity, with Microsoft Office Specialist Word 2019 certification. Strongest areas are MySQL/database fundamentals, networking concepts, basic troubleshooting, and technical documentation. Seeking an IT Intern opportunity where I can apply my technical foundation, support IT operations, and continue developing practical skills in networking and database environments

Academic and Technical Projects

Silong – Energy-Sustainable Smart IoT Fish Drying Station | Capstone Project

Role: Data Analyst & UX/UI Designer

- A smart IoT fish-drying station designed to make fish drying more efficient and sustainable by monitoring environmental conditions.
- Gathered and analyzed user and system requirements.
- Designed user interfaces and workflows based on user needs.
- Contributed to planning, documentation, testing, and implementation.

Aegis-Dry | IoT Project

Role: Data Analyst

- An IoT-enabled smart laundry docking station designed to protect clothes from sudden rainfall using weather data and sensors.
- Gathered and analyzed information to identify system requirements and user needs.
- Contributed to system planning, testing, documentation, and evaluation.

Networking & Cisco Packet Tracer Labs

- Built and tested basic network topologies using routers, switches, Wi-Fi, and end-user devices.
- Applied IP addressing, connectivity testing, and basic network troubleshooting.

Personal IT Portfolio Website

- Developed a responsive portfolio website using React, HTML, CSS, and JavaScript.
- Used Git and GitHub for source code management and version control.

Education

Bachelor of Science in Information Technology
St. Dominic College of Asia

August 2023-Present

Skills

- **Networking:** TCP/IP, IP Addressing, LAN/WAN, Wi-Fi, Basic Network Configuration, Network Troubleshooting, Cisco Packet Tracer
- **Databases:** MySQL
- **Cybersecurity:** Cybersecurity Fundamentals, Network Security Awareness, CIA Triad, Basic Security Best Practices
- **Web Development:** HTML, CSS, JavaScript, React
- **Programming Foundations:** C, Java, JavaScript, Dart
- **Mobile Development:** Flutter, Dart
- **Tools & Platforms:** Git, GitHub, VS Code, NetBeans, Android Studio, Microsoft Word
- **Professional Skills:** Analytical Thinking, Problem Solving, Attention to Detail, Team Collaboration, Technical Documentation, Adaptability, Communication
